

### ***Planned Giving***

A number of North Light's friends are guaranteeing that their tradition of giving continues into the future by providing for the Center through Planned Gifts.

- **Planned Gifts by Will:** A gift by will provides a lasting legacy to North Light. Gifts by will may be accomplished in several ways, according to the wishes and needs of the donor. Notification of the intent to give a gift by will be recognized annually.
- Other Planned Gifts include gifts of life insurance, gifts of appreciated property and charitable trusts.
- If you are interested in remembering North Light with such a gift or if you have already done so, please let us know. We would be pleased to list you as a member of North Light's **Heritage Society**, which recognizes those generous individuals who have remembered the Center in their estate plans. Your participation sets an important example for others and assists North Light in its long range planning.
